Exploring The Navy Yard

Philly is known worldwide as the birthplace of American democracy...but did you know it's also the birthplace of the U.S. Navy? Today, The Navy Yard has re-emerged as a dynamic 1,200-acre mixed-use campus, home to 6.3 waterfront miles, 20 acres of world-class park space and 12,000 jobs. Plus, it's a pretty amazing place to get away...while never actually leaving the city. To learn more, visit www.navyyard.org.
