Since opening in 2009, Brauhaus has quickly become one of the most authentic German Bierhalls and Restaurants in the United States. With 30 German beers on draft and over 50 in bottle we are proud to offer more German beer than anyone else outside of Deutschland! Through our close personal relationships with brewery friends, we've been able to help bring countless new beers to the city of Philadelphia (and the country) for the first time ever. We guarantee you will never find the assortment of German beers that you can find here! Chef Valentin Bay has also taken German Classics and given them a home here in Philadelphia. With a focus on "Haus" made sausages and Schnitzel and our award winning Schweinshaxe, you are sure to feel a sense of Gemütlichkeit right here on South Street.
